Interim Superintendent

Barbara J. Murphy
Business Administrator/Board Secretary

October 30, 2014

The Honorable President and Members
of the Board of Education
Butler Borough School District
County of Morris

Dear Board Members:

The comprehensive annual financial report of the Butler Borough School District (District) for the fiscal year ended June 30, 2014, is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Board of Education (Board). To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds and account groups of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The comprehensive annual financial report is presented in four sections: introductory, financial, statistical and single audit. The introductory section includes this transmittal letter, the District's organizational chart and a list of principal officials. The financial section includes the general-purpose financial statements and schedules, as well as the auditors' report thereon. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis. The District is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1996 and the U.S. Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Nonprofit Organizations", and the State Treasury Circular Letter 04-04 OMB, "Single Audit Police for Recipients of Federal Grants, State Grants and State Aid Payments". Information related to this single audit, including the auditors' report on the internal control structure and compliance with applicable laws and regulations and findings and recommendations, are included in the Single Audit Section of this report.

1) REPORTING ENTITY AND ITS SERVICES: Butler Borough School District is an independent reporting entity within the criteria adopted by the GASB as set forth in Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standard. All funds and account groups of the District are included in this report. The Butler Borough School District and all its schools constitute the District's reporting entity.

The Butler School District encompasses approximately 2.08 square miles. The District is located in the northeastern section of Morris County. It was formed on July 1, 1901, after segregating from the Pequannock Township School District. It is governed by a ten-member Board of Education, nine members of which are elected by District constituents to serve alternating 3-year terms, and one member from its sending district, Bloomingdale, who is appointed on an annual basis by the Bloomingdale Board of Education.

The District provides a full range of educational programs pre-school handicapped/K through 12. These include regular and vocational as well as special education for handicapped students. The District currently operates one

elementary, one middle and one high school, and completed the 2013-2014 fiscal year with an average daily enrollment of 1,123.9 students. This enrollment is a 2.09% decrease over the previous year as shown in the ten-year period below. The District received high school students from Bloomingdale, in Passaic County, on a tuition basis. These students comprised 46.4% of the high school enrollment in the 2013-2014 school year.

<u>Fiscal Year</u>	<u>Average Daily Enrollment Student Enrollment</u>	<u>Percent Change</u>
2013-14	1,123.9	(2.09%)
2012-13	1,147.9	2.3%
2011-12	1,122.0	(0.81%)
2010-11	1,131.2	(4.85%)
2009-10	1,188.8	1.22%
2008-09	1,174.5	(2.35%)
2007-08	1,202.8	4.66%
2006-07	1,183.3	2.97%
2005-06	1,149.2	(0.99%)
2004-05	1,160.8	1.26%
2003-04	1,146.3	(2.58%)

2) ECONOMIC CONDITION AND OUTLOOK: Prior legislation enacted, Chapter 62, also known as A1 or the "tax levy cap law", restricted the allowable tax growth to 4% of the previous year. Other statutes enacted increased the regulatory environment in which the District must operate. These include: Chapter 53 (A5 or the "school district accountability act"), Chapter 63 ("CORE" or the "shared services and executive county superintendent/county superintendent act"), and Chapter 260 (A500 or the "School Funding Reform Act of 2008"). Although the new funding formula is designed to provide state aid to the Districts where economically disadvantaged children are enrolled, rather than mass infusion of aid to Abbott Districts, its success will be only as good as the annual support of the Legislature. The latest tax legislation limit the tax increase to a 2% maximum for the 2011-2012 budget and in future years. The newest legislation, Chapter 78, superseding Chapter 2, has affected employees receiving health benefits. Employees pay 1.5% of their salary or a percentage of their benefit premium, whichever is higher, over a 4-year period.

On March 15, 2007, new legislation, "A-5," (School District Accountability Act) was adopted and became effective immediately. This legislation places more restrictions on the daily operating functions of the district, including training and travel and governs the expenditure of public funds by New Jersey boards of education. The Butler School District is in compliance with the various requirements of the law including: participating in the federal universal service program (E-rate), the ACT telecommunications program, and the Alliance for Competitive Energy Services (ACES) program, and in compliance with all regulations regarding workshop and travel regulations.

3) MAJOR INITIATIVE (ACADEMIC): District:

Butler High School students continue to maintain high levels of performance on a variety of standardized testing – High School Proficiency Assessments (HSPA), various Advanced Placement (AP) tests, SAT (SAT I and SAT II). HSPA results for the 2013-2014 school year continue to indicate that Butler High School has, once again, exceeded necessary levels of student achievement in the core academic areas of Math and Language Arts. 94.5% of students achieved proficient or advanced proficient scores in the Language Arts portion of the HSPA, while about

82.3% of general education students achieved proficient or advanced proficient in the Mathematics portion of the HSPA.

Our students at Butler High School continue to gain local, state and county recognition with regard to achievement in the areas of academics, the arts and athletics. Once again in the 2013-2014 school year, students who take and "pass" Advance Placements courses and tests will be eligible to win a car through a joint initiative "The AP Challenge." For the Class of 2014, about 86% went on to two or four year colleges or post-secondary technical schools. During the 2013/14 school year, and again this school year, our high school students also worked in the computer lab using the Achieve 3000 differentiated reading software, SAT preparation software and "Performance Matters", a type of nationally standardized formative assessment software, to target weaknesses on specific instructional areas in Math, Language Arts/Literacy and a variety of content areas.

In addition the district has continued for the 2013/14 school year a specialized " Freshman Studies" program, focusing on career education, communication and team building skills, the development of long range " Career and College Readiness" planning skills, financial literacy, and 21st century technological skills.

Richard Butler School serves students in grades 5 through 8. Our goal is to provide a challenging and comprehensive education, which addresses the unique educational, social, physical and emotional needs of each middle school student. There continues to be a commitment to small class size, personalized instruction, in-class support and opportunities for both group and individual student recognition. We offer several co-curricular programs such as student government, yearbook, band, chess and bridge. These types of activities allow each child to participate in a number of activities.

After a lengthy study of other middle school schedules, Richard Butler School initiated a schedule to reflect changes to the language arts and mathematics program in the 2011-2012 school year, which reflected significantly increased instructional time in the areas of language arts and math instruction. The New Jersey Core Curriculum Standards, as well as the new Common Core State Standards [CCSS] continue to evolve; thus, our staff continues to address the updates through curriculum revisions. Continuing into the 2013/14 school year, our middle school students also work in the computer lab using the Achieve 3000 differentiated reading software. Aaron Decker School adheres to the NJ State Core Curriculum Standards at all grade levels and is transitioning [as is Butler High School and Richard Butler Middle School] to the new Common Core Standards in Mathematics and Language Arts/Literacy. . The students also work in the computer lab using the Achieve 3000 differentiated reading software and "Performance Matters", a type of nationally standardized formative assessment software, to target weaknesses on specific instructional areas in Math, Language Arts/Literacy and a variety of content areas.

We continue to provide instructional support for students in Reading, Writing, and Mathematics through our Basic Skills Program. Classroom teachers use differentiated instruction to meet the needs of all students. Our Resource Centers and contained special education classes present the core standards in a smaller group setting with modified strategies.

The Butler School District also provides Preschool Program Classes for Students with Disabilities These classes also provide an opportunity for our preschool children with disabilities to work alongside with their more typically developing peers. The benefits are evident as the students remain in district and move to the Kindergarten program.

Special Education students also receive a high quality education and demonstrate significant levels of achievement in English, Math, Social Studies and Science. Supportive services programs provide students with an opportunity to participate in and experience success in mainstream academic classes. All district schools also offer special education programs through replacement instruction classes. For the 2013/2014 school year, the district will continue many initiatives, including teacher training, professional development and technology.

Teacher training, or Professional Development, will be provided for both regular education and special education faculty. Faculty in grades Pre K through 12 will be training in Differentiated Instruction, Standards Based Math, Essential Elements of Instruction and Academic Literacy. With upgraded electronic computer software, high school students will also be using SAT instructional software, on-line diagnostic and predictive testing software, as well as differentiated reading software.

During the 2009-10 school year, the district entered into an agreement with a state approved special education private school, Chancellor Academy Outreach, which opened up a class on the campus of the Aaron Decker Elementary School. In the 2010-2011 school year, the Chancellor Academy Outreach Program, which generates revenue for the school district, opened a second site at the Richard Butler Middle School. The district now operates three Chancellor Academy Outreach self-contained classes in the Aaron Decker Elementary School, the Richard Butler Middle School and-as of the 2012/13 school year-Butler High School,

Special education youngsters in grades 3-12 will be experiencing instructional software in both special education and regular education classrooms aimed at increasing levels of student learning as shown in math and language arts literacy scores. These software programs include differentiated reading (Achieve 3000) and "Performance Matters", an on-line diagnostic and prescriptive assessment software in the areas of Language Arts Literacy, Math and a variety of content area subjects. The district continues to offer self-contained classes (PSD, LLD), as well as replacement (RC) and supportive services for students experiencing regular education mainstream classes throughout all grades in the district.

The district was also named an approved Public School District of Choice by the New Jersey Department of Education, and is now able to accept students for tuition from other New Jersey public school districts beginning with September, 2013.

4) INTERNAL ACCOUNTING CONTROLS: Management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft or misuse, and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal and state financial assistance, the District also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by the District management.

As part of the District's single audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to federal and state financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations. The District is in the process of developing an internal control document manual as required by code.

5) BUDGETARY CONTROLS: In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters of the municipality. Annual appropriate budgets are adopted for the general fund, the special revenue fund, and the debt service fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either cancelled or are included as re-appropriations of fund balance in the subsequent year. Those amounts to be re-appropriated are reported as reserves of fund balance at June 30, 2014.

The District participates in several shared services agreements in order to procure goods and services in the most cost efficient means possible to assure savings to the taxpayer: The A.C.E.S. (Alliance for Competitive Energy Service program), organized by NJSBA, NJASBO and NJASA, is utilized for the provision of natural gas.

Educational Data Services, Inc., the Morris County cooperative purchasing service, is utilized for District educational, office and custodial supplies and maintenance services. The Pittsgrove Township Board of Education cooperative is utilized for the purchase of copy paper. The Board participates in ACT (Alliance for Competitive Telecommunications) program for discounted telecommunications services.

6) ACCOUNTING SYSTEM AND REPORTS: The District's accounting records reflect generally accepted accounting principles, as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the District is organized on the basis of funds and account groups. These funds and accounting groups are explained in "Notes to the Financial Statements", Note 2B.

7) FINANCIAL INFORMATION AT FISCAL YEAR END: As demonstrated by the various statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management. A detailed financial analysis of key data is contained in the Management's Discussion and Analysis (M. D. & A.), which follows this letter.

8) DEBT ADMINISTRATION: At June 30, 2014, the District had \$5,529,302 in outstanding bonded debt. On Thursday, April 26, 2012, the Board of Education of the Borough of Butler entered the bond market to refinance the callable maturities of its 2004 School Bond Issue. The sale of Refunding School Bonds was very successful, resulting in total debt savings of \$150,515 through 6/30/2024, at which time the principal is paid. The School Bonds, Series 2009, in the principal amount of \$2,896,000 will be paid up as of 7/1/2024.

The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

The outstanding debt is continually reviewed for reduced financing opportunities in an attempt to reduce the effect of the bonds on the Butler taxpayer.

9) CASH MANAGEMENT: The investment policy of the District is guided in large part by state statute as detailed in "Notes to the Financial Statements", Note 2. The District has adopted a cash management plan which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey.

10) RISK MANAGEMENT: The Board carries various forms of insurance, including but not limited to general liability, excess liability, automobile liability and comprehensive/collision, hazard and theft insurance on property, contents, and fidelity bonds. The District participates in a pooled fund for its Workers' Compensation Insurance.

11) OTHER INFORMATION:

Independent Audit - State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Ferraioli, Wielkottz, Cerullo & Cuva, CPA's, was selected by the Board. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the Single Audit Act of 1996 and the related OMB Circular A-133 and State Treasury Circular Letter 98-07-OMB. The auditors' report on the general-purpose financial statements and combining and individual fund statements and schedules is included in the financial section of this report. The auditors' reports related specifically to the single audit are included in the single audit section of this report.

12) ACKNOWLEDGMENTS: We would like to express our appreciation to the members of the Butler Borough School Board for their concern in providing fiscal accountability to the citizens and taxpayers of the school district and thereby contributing their full support to the development and maintenance of our financial operation. The

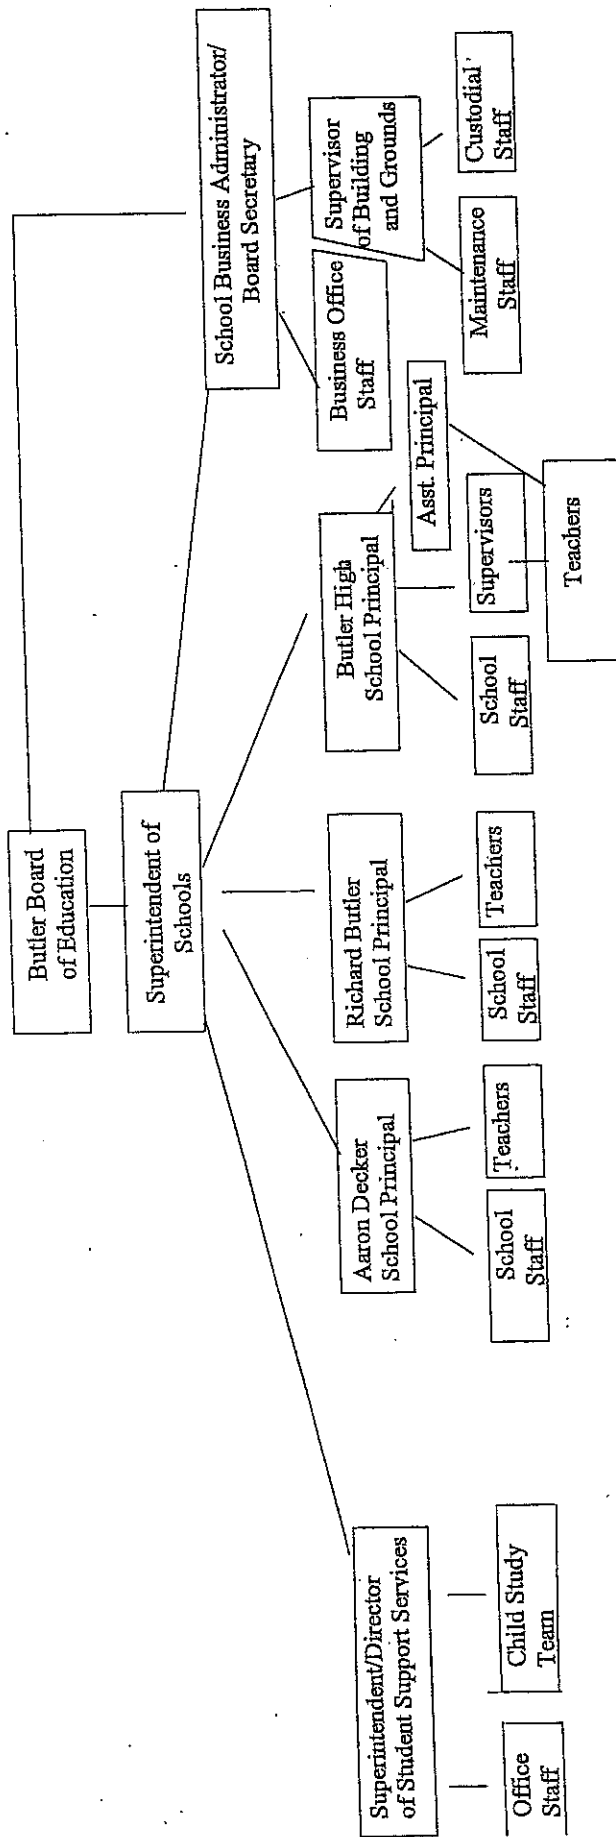

preparation of this report could not have been accomplished without the efficient and dedicated services of our financial and accounting staff.

Respectfully submitted,

Elaine Baldwin
Interim Superintendent

INDEPENDENT AUDITOR'S REPORT

The Honorable President and
Members of the Board of Education
Borough of Butler School District
County of Morris, New Jersey

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Board of Education of the Borough of Butler School District, in the County of Morris, State of New Jersey, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the audit requirements prescribed by the Office of School Finance, Department of Education, State of New Jersey, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the Borough of Butler Board of Education, in the County of Morris, State of New Jersey, as of June 30, 2014, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and Budgetary Comparison Information, identified in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Borough of Butler Board of Education's basic financial statements. The introductory section, combining and individual non-major fund financial statements and schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and the schedule of expenditures of state financial assistance as required by NJ OMB 04-04 and the introductory section and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual non-major fund financial statements and the schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, the schedule of expenditures of state financial assistance as required by NJ OMB 04-04 are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual non-major fund financial statements, schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and the schedule of expenditures of state financial assistance as required by NJ OMB 04-04 are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section and statistical data section has not been subject to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated October 30, 2014 on our consideration of the Borough of Butler Board of Education's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope

Honorable President and
Members of the Board of Education
Page 4.

of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Borough of Butler Board of Education's internal control over financial reporting and compliance.

BUTLER BOROUGH PUBLIC SCHOOL DISTRICT
BUTLER BOROUGH

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2014
UNAUDITED

The discussion and analysis of Butler Borough Public School District's financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2014. The intent of this discussion and analysis is to look at the School District's financial performance as a whole; readers should also review the notes to the basic financial statements and financial statements to enhance their understanding of the School District's financial performance.

Financial Highlights

Key financial highlights for the 2014 fiscal year are as follows:

- ◆ The School District had \$24,205,591 in expenses (see A-2 District-wide Statement of Activities); only \$4,995,637 of these expenses were offset by program specific charges for services, grants or contributions. General revenues, comprised of primarily property taxes, Federal and State Aid in the amounts of \$14,930,526 and \$4,092,260 respectively, were adequate to provide for these programs.
- ◆ The General Fund had \$22,491,637 in revenues and \$22,302,236 in expenditures. The General Fund's balance increased by \$307,145 over 2013. This increase was attributed to the compliance of the district to increasingly restrictive budgeting and expenditure guidelines imposed by the State of New Jersey Legislature, prudent and conscientious purchasing practices, and additional use of shared service contracts (see B-2 Statement of Revenues, Expenditures and Changes in Fund Balance-Governmental Funds)

Using this Comprehensive Annual Financial Report (CAFR)

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand Butler Borough Public School District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The *Statement of Net Position* and *Statement of Activities* provide information about the activities of the whole School district, presenting both an aggregate view of the School district's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. In the case of Butler Borough Public school district, the General Fund is by far the most significant fund.

Reporting the School District as a Whole

Statement of Net Position and the Statement of Activities

While this document contains the large number of funds used by the School District to provide programs and activities, the view of the School district as a whole looks at all financial transactions and asks the question, "How did we do financially during the 2014 fiscal year?" The Statement of Net Position and the Statement of Activities helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the School District's Net Position and changes in that position. This change in net position is important because it tells the reader that, for the school district as a whole, the financial positions of the School district has improved or diminished. The causes of this change may be the result of many factors, some financial, and some not. Non-financial factors include the School District's property tax base, current laws in New Jersey restricting revenue growth, facility condition, required educational programs and other factors.

In the Statement of Net Position and the Statement of Activities, the School District is divided into two distinct kinds of activities:

- ◆ Governmental activities – All of the School District's programs and services are reported here including, but not limited to, instruction, support services, operation and maintenance of plant facilities, pupil transportation and extracurricular activities.
- ◆ Business-Type Activities – This service is provided on a charge for goods or services basis to recover all the expense of the goods or services provided. The Food Service enterprise fund is reported as a business activity.

Reporting the School District's Most Significant Funds

Fund Financial Statements

Fund financial reports provide detailed information about the School District's major funds. The School District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the School district's most significant funds. The School District's major governmental funds are the General Fund, Special Revenue Fund, Capital Projects Fund, and the Debt Service Fund.

Governmental Funds

The School District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in the future years. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the School district's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

Enterprise Fund

The enterprise fund uses the same basis of accounting as business-type activities; therefore, these statements are essentially the same.

The School District as a Whole

The Statement of Net Position provides the perspective of the School District as a whole. Net position may, over time serve as a useful indicator of a government's financial position.

The District's financial position is the product of several financial transactions including the net results of activities, the acquisition and payment of debt, the acquisition and disposal of capital assets and the depreciation of capital assets.

Governmental Activities

-Revenues-

The unique nature of property taxes in New Jersey creates the need to routinely seek voter approval for the School District operations. Property taxes made up 63.7% percent of revenues for governmental activities for the Butler Borough Public School District for fiscal year 2014 (see Exhibit B-2). Federal, State, and local grants accounted for another 20.9%. Tuition from other LEA's (mostly from sending District Bloomingdale) in the state accounted for 15.4% percent. The District's total governmental fund revenues were \$23,431,871 for the fiscal year ended June 30, 2014.

Sources of Revenues for Fiscal Year 2014

-Expenses-

The total cost of all program and services was \$23,273,143. Instruction comprises 35% of District expenses. The total for Instruction in 2013-2014 represents an increase of 2.2% in actual dollar expenditures over the previous year.

Expenses for Fiscal Year 2014

Business-Type Activities

Revenues for the District's business-type activities (food service program) were comprised of charges for services and federal and state reimbursements.

- ◆ Food service revenues exceeded expenditures by \$15,475.97. This is a decrease of \$6,055.74 in the amount of revenues over expenditures in 2013.
- ◆ Charges for services represent \$291,231.35 of revenue. This represents the amount paid by patrons for daily food services.
- ◆ Federal and state reimbursements for meals, including payments for free and reduced lunches, donated commodities and interest income was \$145,908.09 an increase of \$25,664.91 over 2013.

Governmental Activities

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3 shows the total cost of services and the net cost of services. The net cost shows the financial burden that was placed on the District's taxpayers by each of these functions. A comparison to 2013 follows, as well as a description of the various expenditure areas.

	<u>Total Cost of Services 2014</u>	<u>Net Cost of Services 2014</u>	<u>Total Cost of Services 2013</u>	<u>Net Cost of Services 2013</u>
Instruction	\$11,847,657	\$8,988,697	\$11,686,376	\$8,955,879
Support services				
Pupils and instructional staff	5,670,002	4,866,271	5,744,081	4,868,890
General administration, school administration, business	2,213,846	1,862,701	2,256,584	1,935,584
Operation and maintenance of facilities	2,430,032	1,885,235	2,304,891	1,811,125
Pupil transportation	918,917	918,917	958,715	958,715
Special Schools				
Interest on Long Term Debt	201,987	201,987	188,732	188,731
Unallocated Benefits			24,259	24,259
Transfer to Charter School	12,315	12,315		
Unallocated Depreciation	458,884	458,884	424,698	424,698
Capital Outlay - Non-depreciable	<u>27,599</u>	<u>27,599</u>	<u>25,599</u>	<u>25,599</u>
Total governmental expenses	<u>\$23,781,239</u>	<u>\$19,222,606</u>	<u>\$23,613,935</u>	<u>\$19,193,480</u>

The total cost for 2014 is an increase of \$167,304 over 2013, or .7%. This slight increase is mainly attributed to the increase in Regular Instruction expenditures of \$161,281.

The total net cost for 2014 is an increase of \$29,126 over 2013, or .15%. This value is again attributed to the increase in increase in Regular Instruction expenditures.

Instruction expenses include activities directly dealing with the teaching of pupils and the interaction between teacher and student, including extracurricular activities. Additionally included are extracurricular activities, which include expenses related to student activities provided by the School district which are designed to provide opportunities for students to participate in school events, public events, or a combination of these for the purposes of motivation, enjoyment and skill improvement.

Pupils and instructional staff include the activities involved with assisting staff with the content and process of teaching to students, including curriculum and staff development. This section also includes Curriculum and staff development, which includes expenses related to planning, research, development and evaluation of support services, as well as the reporting of this information internally and to the public.

General administration, school administration and business include expenses associated with administrative and financial supervision of the District.

Operation and maintenance of facilities activities involve keeping the school grounds, buildings and equipment in an effective working condition.

Pupil transportation includes activities involved with the conveyance of students to and from school, as well as to and from school activities, as provided by state law.

The School District's Funds

These funds are accounted for using the modified accrual basis of accounting. All governmental funds (i.e., general fund, special revenue fund, capital projects and debt service fund presented in the fund-based statements) had total revenues of \$23,431,871 and expenditures of \$23,273,144.

As demonstrated by the various statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management. The following schedules present a summary of the revenues of the governmental funds (excluding capital projects) for the fiscal year ended June 30, 2014, and the amount and percentage of increases and decreases in relation to prior year revenues.

<u>Revenue</u>	<u>Amount</u>	<u>Percent of Total</u>	<u>Increase/ (Decrease) from 2013</u>	<u>Percent Increase (Decrease)</u>
Local Sources	\$18,966,921	80.94%	\$804,829	4.43 %
State Sources	4,090,072	17.46%	(129,331)	(3.07)%
Federal Sources	<u>374,879</u>	<u>1.60%</u>	<u>(86,685)</u>	(18.78)%
Total	<u>\$23,431,871</u>	<u>100.00%</u>	<u>\$588,813</u>	

The decrease in Federal Sources is primarily attributed to the loss of REMS Grant dollars, as that initiative ended in June 2013.

The following schedule presents a summary of general fund and special revenue fund and capital projects fund expenditures for the fiscal year ended June 30, 2014.

<u>Expenditures</u>	<u>Amount</u>	<u>Percent of Total</u>	<u>Increase/ (Decrease) From 2013</u>	<u>Percent Increase/ (Decrease) From 2013</u>
Current:				
Instruction	8,159,868	35.06%	181,882	2.28 %
Undistributed expenditures	14,327,096	61.56%	(70,016)	(0.49)%
Capital Outlay	210,568	0.91%	(30,005)	(12.47)%
Debt Service	<u>575,611</u>	<u>2.47%</u>	<u>6,604</u>	1.16 %
Total	<u>23,273,143</u>	<u>100.00%</u>	<u>88,465</u>	

General Fund Budgeting Highlights

The School district's budget is prepared according to New Jersey law, and is based on accounting for certain transactions on a basis of modified accrual and encumbrance accounting. The most significant budgeted fund is the General Fund. Refer to Exhibit C-1 – Budgetary Comparison Schedule.

During the course of the fiscal year 2014, the School District amended its General Fund budget as needed. The School district uses program based budgeting and the budgeting systems are designed to tightly control total program budgets but provide flexibility for program management when the need arises in such areas as:

- ◆ Staffing changes based on student needs.
- ◆ Additional costs for student transportation and out-of district tuitions both in regular education and special education.
- ◆ Accounting changes in maintenance and operations.
- ◆ Changes in appropriations to prevent budget overruns.

While the District's final budget for the general fund anticipated that revenues and expenditures would roughly equal, the actual results for the year show a surplus.

- ◆ Actual revenues appear to be \$1,872,459 more than expected, but once the reimbursement for TPAF pension and social security which are not included in the budgeting process and only reported on the financial statements are removed, revenues actually increased by only \$219,165 over the budgeted amount.
- ◆ The actual expenditures appear to be \$223,119 higher than expected. Once again, after the removal of the TPAF reported numbers, expenditures are \$1,084,014 less than originally budgeted.

Capital Assets

New capital asset purchases for the year totaled \$210,568. The purchases included security cameras, network and security equipment, door access control system, Get Fit playground equipment at Aaron Decker School, medical equipment, computer carts, and replacement air conditioners in the CAD lab.

Debt Administration

At June 30, 2014 the School district had \$5,529,302 in outstanding debt.

For the Future

The Butler Borough Public School District is in good financial condition. However, future finances are not without challenges as expenses continue to grow and limitations are placed on total spending. A major concern is the continued reliance on local property taxes and the anticipated impact from the School Funding Reform Act and the Accountability Regulations legislation as currently written. It should be noted that budgets no longer are required to be approved by voters if the tax increase is within the 2% cap limit established by statute.

Butler Borough is primarily a residential community, with few ratables; thus the burden is focused on homeowners to foot the tax burden. It is hoped that the contracts the Borough has entered into for new ratables will continue to increase the ratable base significantly enough to lower the impact of future increases on the homeowner. The District is pursuing several shared services agreements with both the Borough and the sending district to reduce costs wherever possible.

In conclusion, the Butler Borough Public School District has committed itself to financial excellence for many years. The School District's system for financial planning, budgeting, and internal financial controls are well regarded. The School District plans to continue its sound fiscal management to meet the challenge of the future.

Contacting the School District's Financial Management

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the School district's finances and to show the School District's accountability for the money it receives. If you have questions about this report or need additional information contact Barbara Murphy, School Business Administrator/Board Secretary at Butler Borough Board of Education, High School Annex Building, Butler, NJ 07405 or email at bmurphy@butlerboe.org.

The accompanying Notes to the Basic Financial Statements are an integral part of this statement.

BUTLER BOROUGH SCHOOL DISTRICT
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE FISCAL YEAR ENDED JUNE 30, 2014

Total net change in fund balances - governmental funds (from B-2) 276,468.86

Amounts reported for governmental activities in the statement of activities (A-2) are different because:

Capital outlays are reported in governmental funds as expenditures.

However, on the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current fiscal year.

Depreciation expense	(504,243.56)	
Depreciable Capital outlays	182,969.12	
		(321,274.44)

Repayment of long-term debt is reported as an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position and is not reported in the statement of activities. In the current year, these amounts consist of:

Principal Payments on Bonds Payable	410,000.00
Principal Payments on Capital Leases	7,128.39

Proceeds from debt issues are a financing source in the governmental funds. They are not revenue in the statement of activities; issuing debt increases long-term in the statement of net assets.

Proceeds of long-term debt	
Capital lease proceeds	(120,430.84)

The governmental funds report the effect of deferred interest when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities.

(12,543.00)

In the statement of activities, interest on long-term debt in the statement of activities is accrued, regardless of when due. In the governmental funds, interest is reported when due. The change in accrued interest is a increase in the reconciliation

(23,832.24)

In the statement of activities, certain operating expenses, e.g., compensated absences (vacations) are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are reported in the amount of financial resources used (paid). When the earned amount exceeds the paid amount, the difference is reduction in the reconciliation (-); when the paid amount exceeds the earned amount exceeds the earned amount the difference is an addition to the reconciliation (+).

Increase in Compensated Absences Payable	(12,693.15)
--	-------------

Change in net position of governmental activities

202,823.58

The accompanying Notes to the Basic Financial Statements are an integral part of this statement.

**NOTES TO THE BASIC
FINANCIAL STATEMENTS**

Borough of Butler School District
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2014

NOTE 1. DESCRIPTION OF THE SCHOOL DISTRICT AND REPORTING ENTITY

The Board of Education ("Board") of the Borough of Butler School District ("District") is an instrumentality of the State of New Jersey, established to function as an educational institution. The Borough of Butler School District is a Type II district located in the County of Morris, State of New Jersey. As a Type II district, the School District functions independently through a Board of Education. The board is comprised of ten members elected to three-year terms. The purpose of the District is to educate students in grades K-12, as well as Butler's Grade 9-12. A superintendent is appointed by the Board and is responsible for the administrative control of the District. Under existing statutes, the Board's duties and powers include, but are not limited to, the development and adoption of a school program; the establishment, organization and operation of schools; and the acquisition, maintenance and disposition of school property.

The Board also has broad financial responsibilities, including the approval of the annual budget and the establishment of a system of accounting and budgetary controls.

The primary criterion for including activities within the District's reporting entity, as set forth in Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards, is whether:

- the organization is legally separate (can sue or be sued in their own name)
- the Board holds the corporate powers of the organization
- the Board appoints a voting majority of the organization's board
- the Board is able to impose its will on the organization
- the organization has the potential to impose a financial benefit/burden on the Board
- there is a fiscal dependency by the organization on the Board

Based on the aforementioned criteria, the Board has no component units. Furthermore, the Board is not includable in any other reporting entity on the basis of such criteria.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Board of Education of the Borough of Butler School District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the board's accounting policies are described below.

A. Basis of Presentation

The Board's basic financial statements consist of District-wide statements, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

**Borough of Butler School District
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2014**

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

A. Basis of Presentation (continued)

District-wide Financial Statements

The statement of net position and the statement of activities display information about the Board as a whole. These statements include the financial activities of the overall District, except for the fiduciary funds. The statements distinguish between those activities of the Board that are governmental and those that are considered business-type activities.

The statement of net position presents the financial condition of the governmental and business-type activities of the Board at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the governmental activities and for the business-type activities of the Board. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the Board, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the Board.

Fund Financial Statements

During the fiscal year, the School District segregates transactions related to certain School District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. The fund financial statements provide information about the District's funds, including its fiduciary funds. Separate statements for each fund category - *government*, *proprietary*, and *fiduciary* - are presented. The New Jersey Department of Education (NJDOE) has elected to require New Jersey districts to treat each governmental fund as a major fund in accordance with the option noted in GASB No. 34, paragraph 76. The NJDOE believes that the presentation of all funds as major is important for public interest and to promote consistency among district financial reporting models. The various funds of the Board are grouped into the categories governmental, proprietary and fiduciary.

GOVERNMENTAL FUNDS

Governmental funds are those through which most governmental functions of the Board are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the Board's governmental funds:

**Borough of Butler School District
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2014**

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

A. Basis of Presentation (continued)

GOVERNMENTAL FUNDS (continued)

General Fund - The General Fund is the general operating fund of the Board. It is used to account for all financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or noninstructional equipment which are classified in the Capital Outlay subfund.

As required by the New Jersey State Department of Education, the Board includes budgeted Capital Outlay in this fund. Accounting principles generally accepted in the United States of America as they pertain to governmental entities state that General Fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues.

Resources for budgeted capital outlay purposes are normally derived from State of New Jersey Aid, District taxes and appropriated fund balance. Expenditures are those that result in the acquisition of or additions to fixed assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment. These resources can be transferred from and to Current Expense by board resolution.

Special Revenue Fund - The Special Revenue Fund is used to account for the proceeds of specific revenue from State and Federal Government, (other than major capital projects, Debt Service or the Enterprise Funds) and local appropriations that are legally restricted to expenditures for specified purposes.

Capital Projects Fund - The Capital Projects Fund is used to account for all financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by Proprietary Funds). The financial resources are derived from sale of bonds, lease purchases and other revenues.

Debt Service Fund - The Debt Service Fund is used to account for the accumulation of resources for and the payment of principal and interest on bonds issued to finance major property acquisition, construction and improvement programs.

PROPRIETARY FUNDS

The focus of Proprietary Fund measurement is upon determination of net income, changes in net position, financial position and cash flows. The accounting principles generally accepted in the United States of America applicable are those similar to businesses in the private sector. Proprietary funds are classified as enterprise or internal service. The following is a description of the Proprietary Funds of the Board:

**Borough of Butler School District
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2014**

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

A. Basis of Presentation (continued)

PROPRIETARY FUNDS (continued)

Enterprise Funds - The Enterprise Funds are utilized to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the Board is that the costs (i.e., expenses including depreciation and indirect costs) of providing goods or services to the students on a continuing basis be financed or recovered primarily through user charges; or, where the Board has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

The Board's Enterprise Fund is comprised of the Food Service Fund and the Butler District Educational Foundation.

Internal Service Fund

The Internal Service Fund has been established to account for the financing of the Morris County Academy of Law and Public Safety, which is located at Butler High School, provided by Morris County School of Technology for use by various other districts within the County of Morris, as well as for Butler School District itself. Services are provided on a cost-reimbursement basis.

FIDUCIARY FUNDS

Fiduciary Fund - Fiduciary Fund reporting focuses on net position and changes in net position. The Fiduciary Funds are used to account for assets held by the Board on behalf of individuals, private organizations, other governments and/or other funds. Fiduciary Funds include the Unemployment Compensation Insurance Fund, Student Activities Fund and Payroll Agency Fund.

B. Measurement Focus

District-wide Financial Statements

The District-wide statements (i.e., the statement of net position and the statement of activities) are prepared using the economic resources measurements focus and the accrual basis of accounting. All assets and liabilities associated with the operation of the Board are included on the statement of net position, except for fiduciary funds.

Borough of Butler School District
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2014

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. Measurement Focus (continued)

Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the District-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Like the District-wide statements, all proprietary fund types are accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of these funds are included on the statement of net position. The statement of changes in fund net position presents increases (i.e., revenues) and decreases (i.e., expenses) in net total assets. The statement of cash flows provides information about how the Board finances and meets the cash flow needs of its proprietary activities.

C. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. The District-wide financial statements and the financial statements of the proprietary and fiduciary funds are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of unearned revenue, and in the presentation of expenses versus expenditures.

Revenues - Exchange and Non-exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year.

**Borough of Butler School District
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2014**

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Basis of Accounting (continued)

Revenues - Exchange and Non-exchange Transactions (continued)

Nonexchange transactions, in which the Board receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the Board must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the Board on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized. Under GAAP, in accordance with GASB No. 33, Accounting and Financial Reporting for Nonexchange Transactions, the last state aid payment is not considered revenue to the school district if the state has not recorded the corresponding expenditure, even though state law dictates recording the revenue.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: ad valorem property taxes, tuition, unrestricted grants and interest.

Expenses/Expenditures

On the accrual basis of accounting, expenses are recognized at the time they are incurred. The fair value of donated commodities used during the year is reported in the operating statement as an expense with a like amount reported as donated commodities revenue.

The measurement of focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in the governmental funds.

D. Budgets/Budgetary Control

Annual appropriated budgets are adopted in the spring of the preceding year for the general, and special revenue funds. The budgets are submitted to the county superintendents office for approval. Budgets are prepared using the modified accrual basis of accounting, except for the special revenue fund as described later. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6A:23-2(g)1. Transfers of appropriations may be made by School Board resolution at any time during the fiscal year. The Board of Education made a material supplemental budgetary appropriation during the fiscal year for unexpected tuition and additional transport costs.

**Borough of Butler School District
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2014**

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. Budgets/Budgetary Control (continued)

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and accounting principles generally accepted in the United States of America with the exception of the legally mandated revenue recognition of the last state aid payment for budgetary purposes only and special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

E. Encumbrances

Under encumbrance accounting purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds, other than the special revenue fund, are reported as reservations of fund balances at fiscal year end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the special revenue fund, for which the Board has received advances, are reflected in the balance sheet as unearned revenues at fiscal year end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

F. Cash, Cash Equivalents and Investments

Cash and cash equivalents include petty cash, change funds, cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. U.S. Treasury and agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost. All other investments are stated at fair value.

New Jersey school districts are limited as to the types of investments and types of financial institutions they may invest in. New Jersey statute 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey school districts.

**Borough of Butler School District
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2014**

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

F. Cash, Cash Equivalents and Investments (continued)

Additionally, the Board has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey.

N.J.S.A. 17:9-41 et seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Act. Public depositories include Savings and Loan institutions, banks (both state and national banks) and savings banks the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the Governmental Units.

G. Tuition Revenues/Receivable

Tuition charges were established by the Board of Education based on estimated costs. The charges are subject to adjustment when the final costs have been determined.

H. Tuition Payable

Tuition charges were established by the receiving district. The charges are subject to adjustment when the final costs have been determined.

I. Inventories

On District-wide financial statements, inventories are presented at cost, which approximates market on a first-in, first-out basis and are expensed when used.

On fund financial statements inventories are valued at cost, which approximates market, using the first-in-first-out (FIFO) method. Inventories of proprietary funds consist of food and goods held for resale, as well as supplies, and are expensed when used.

J. Prepaid Items

Payments made to vendors for services that will benefit periods beyond June 30, 2014, are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of purchase and an expenditure/expense is reported in the year in which services are consumed.

Borough of Butler School District
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2014

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

K. Short-Term Interfund Receivables/Payables

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund receivables/payables." These amounts are eliminated in the governmental and business-type activities columns of the statement of net position, except for the net residual amounts due between governmental and business-type activities, which are presented as internal balances.

L. Capital Assets

General capital assets are those assets not specifically related to activities reported in the enterprise fund. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the district-wide statement of net position but are not reported in the fund financial statements. Capital assets utilized by the enterprise fund are reported both in the business-type activity column of the District-wide statement of net position and in the fund.

All capital assets acquired or constructed during the year are recorded at actual cost. Donated fixed assets are valued at their estimated fair market value on the date received. The capital assets acquired or constructed prior to June 30, 1993 are valued at cost based on historical records or through estimation procedures performed by an independent appraisal company. Donated capital assets are valued at their estimated fair market value on the date received. The Board maintains a capitalization threshold of \$2,000.00. The Board does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not.

All reported capital assets except land and construction in progress are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	<u>Governmental Activities Estimated Lives</u>	<u>Business-Type Activity Estimated Lives</u>
Sites and Improvements	20 years	N/A
Building and Improvements	7-50 years	N/A
Furniture, Equipment and Vehicles	5-20 years	5-20 years

**Borough of Butler School District
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2014**

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

M. Compensated Absences

Compensated absences are those absences for which employees will be paid, such as vacation, sick leave, and sabbatical leave. A liability for compensated absences that are attributable to services already rendered, and that are not contingent on a specific event that is outside the control of the Board and its employees, is accrued as the employees earn the rights to the benefits. Compensated absences that relate to future services, or that are contingent on a specific event that is outside the control of the Board and its employees, are accounted for in the period in which such services are rendered or in which such events take place.

For the District-wide Statements, the current portion is the amount estimated to be used in the following year. In accordance with GAAP, for the governmental funds, in the Fund Financial Statements, all of the compensated absences are considered long-term and therefore, are not a fund liability and represents a reconciling item between the fund level and District-wide presentations.

N. Unearned Revenue

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

Unearned revenue in the special revenue fund represents cash that has been received but not yet earned. See Note 2(E) regarding the special revenue fund.

O. Accrued Liabilities and Long-term Obligations

All payables, accrued liabilities and long-term obligations are reported in the District-wide financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, claims and judgements, compensated absences, special termination benefits and contractually required pension contributions that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment in the current year. Bonds, long-term obligations, and capital leases that will be paid from governmental funds are recognized as a liability in the fund financial statements when due.

P. Fund Balances:

Fund balance is divided into five classifications based primarily on the extent to which the Board is bound to observe constraints imposed upon the resources in the governmental funds. The classifications are as follows:

- **Nonspendable** fund balance includes amounts that are not in a spendable form (inventory, for example) or are required to be maintained intact (the principal of an endowment fund, for example).

Borough of Butler School District
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2014

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

P. Fund Balances (continued):

- **Restricted** fund balance includes amounts that can be spent only for the specific purposes stipulated by external resource providers (for example, grant providers), constitutionally, or through enabling legislation (that is, legislation that creates a new revenue source and restricts its use). Effectively, restrictions may be changed or lifted only with the consent of resource providers.
- **Committed** fund balance includes amounts that can be used only for the specific purposes determined by a formal action of the Board's highest level of decision-making authority. Commitments may be changed or lifted only by the government taking the same formal action that imposed the constraint originally.
- **Assigned** fund balance comprises amounts *intended* to be used by the Board for specific purposes. Intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority. In governmental funds other than the general fund, assigned fund balance represents the amount that is not restricted or committed. This indicates that resources in other governmental funds are, at a minimum, intended to be used for the purpose of that fund.
- **Unassigned** fund balance is the residual classification for the general fund and includes all amounts not contained in the other classifications. Unassigned amounts are technically available for any purpose. If another governmental fund has a fund balance deficit, then it will be reported as a negative amount in the unassigned classification in that fund. Positive unassigned amounts will be reported only in the general fund.

Q. Net Position

Net position represents the difference between assets and liabilities. Net position invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net position are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Board or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The Board applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

R. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the Board, these revenues are sales for food service and program fees. Operating expenses are necessary costs incurred to provide the good or service that is the primary activity of the fund.

Borough of Butler School District
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2014

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

S. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the Board and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during the fiscal year.

T. Allocation of Indirect Expenses

The District reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. Indirect expenses are allocated to functions but are reported separately in the Statement of Activities. Employee benefits, including the employer's share of social security, workers compensation, and medical and dental benefits, were allocated based on salaries of that program. TPAF on-behalf contributions and changes in compensating absences have not been allocated and have been reported as unallocated benefits on the Statement of Activities. Depreciation expense, where practicable, is specifically identified by function and is included in the indirect expense column of the Statement of Activities. Depreciation expense that could not be attributed to a specific function is considered an indirect expense and is reported separately on the Statement of Activities as unallocated depreciation. Interest on long-term debt is considered an indirect expense and is reported separately on the Statement of Activities.

U. Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that effect certain reports, amounts and disclosures. Accordingly, actual results could differ from those estimates.

V. Recent Accounting Pronouncements

In June 2012, the Governmental Accounting Standards Board (GASB) issued Statement No. 68, "Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27". This statement, which is effective for fiscal periods beginning after June 15, 2014, is not anticipated to have any impact on the District's financial reporting.

In January 2013, Governmental Accounting Standards Board (GASB) issued Statement No. 69 "Government Combinations and Disposals of Government Operations". This statement, which is effective for fiscal periods beginning after December 15, 2013, will not have any effect on the District's financial reporting.

**Borough of Butler School District
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2014**

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

V. Recent Accounting Pronouncements (continued)

In November 2013, Governmental Accounting Standards Board (GASB) issued Statement No. 71 "Pension Transition for Contributions Made Subsequent to the Measurement Date-an amendment of GASB Statement No. 68." The provisions of this statement are required to be applied simultaneously with the provisions of Statement No. 68 which is effective for periods beginning after June 15, 2014. The impact of this statement on the net position of the entity is not presently determinable.

NOTE 3. CASH AND CASH EQUIVALENTS AND INVESTMENTS

Cash

Custodial Credit Risk - Deposits

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The District's policy is based on New Jersey Statutes requiring cash be deposited only in New Jersey based banking institutions that participate in New Jersey Governmental Depository Protection Act (GUDPA) or in qualified investments established in New Jersey Statutes 18A:20-37 that are treated as cash equivalents. As of June 30, 2014, \$0- of the District's bank balance of \$2,972,469.43 was exposed to custodial credit risk.

Investments

Investment Rate Risk

The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. However, New Jersey Statutes 18A:20-37 limits the length of time for most investments to 397 days.

Credit Risk

New Jersey Statutes 18A:20-37 limit school district investments to those specified in the Statutes. The type of allowable investments are Bonds of the United States of America; bonds or other obligations of the school districts or bonds or other obligations of the local unit or units within which the school district is located; obligations of federal agencies not exceeding 397 days; government money market mutual funds; the State of New Jersey Cash Management Plan; local government investment pools; or repurchase of fully collateralized securities.

Concentration of Credit Risk

The district places no limit on the amount the District may invest in any one issuer.

Borough of Butler School District
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2014

NOTE 4. RECEIVABLES

Receivables at June 30, 2014 consisted of accounts and intergovernmental. All receivables are considered collectible in full. A summary of the principal items of receivables follows:

	Governmental Fund Financial Statements	Internal Service Fund	Enterprise Fund	District Wide Financial Statements
State Aid	\$455,906.56	\$ -	\$ 506.71	\$456,413.27
Federal Aid	13,996.04	-	8,382.86	22,378.90
Interfunds	112,833.48	-	-	44.50
Other	<u>154,060.43</u>	<u>70,708.10</u>	<u>-</u>	<u>224,768.53</u>
Gross Receivables	736,796.51	70,708.10	8,889.57	703,605.20
Less: Allowances for Uncollectables	<u>-</u>	<u>-</u>	<u>-</u>	<u>-</u>
Total Receivables, Net	<u>\$736,796.51</u>	<u>\$70,708.10</u>	<u>\$8,889.57</u>	<u>\$703,605.20</u>

NOTE 5. INTERFUND BALANCES AND ACTIVITY

Balance due to/from other funds at June 30, 2014 consists of the following:

Due from Capital Projects to Fund Debt Service for interest income.	\$ 1.41
Due to General Fund from the Trust and Agency Fund for interest earned.	44.50
Due to General Fund from Special Revenue Fund for short-term loans.	4,636.04
Due to General Fund from Internal Service Fund for short-term loan.	70,708.10
Due to General Fund from Capital Projects Fund for short-term loan.	<u>37,443.43</u>
	<u>\$112,833.48</u>

It is anticipated that all interfunds will be liquidated within the fiscal year.

Interfund Transfers for the year ended June 30, 2014 consisted of the following:

\$2,689.06	from the General Fund to the Enterprise Fund to provide resources for salaries and wages;
\$ 1.43	from the Capital Projects Fund to the General Fund for interest earnings.

	<u>\$5,416,000.00</u>	<u>\$943,822.58</u>	<u>\$6,359,822.58</u>

B. Bonds Authorized but not Issued

As of June 30, 2014, the Board has \$756.00 Authorized but not Issued Bonds.

NOTE 8. CAPITAL LEASES PAYABLE

The District is leasing nine copiers with a lease term of five years. The following is a schedule of the future minimum lease payments under this capital lease and the present value of the net minimum lease payments at June 30, 2014:

<u>Fiscal Year Ending June 30,</u>	<u>Amount</u>
2015	\$ 27,270.36
2016	27,270.36
2017	27,270.36
2018	27,270.36
2019	<u>18,180.24</u>
Total Minimum lease payables	127,261.68
Less: Amount representing interest	<u>13,959.23</u>
Present Value of Net Minimum Lease Payments	<u>\$113,302.45</u>

The General Fund will be used to liquidate the Capital Lease.

Borough of Butler School District
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2014

NOTE 9. PENSION PLANS

Description of Plans - Substantially all employees of the District are covered by either the Public Employees' Retirement System (PERS), the Teachers' Pension and Annuity Fund (TPAF) or the Defined Contribution Retirement Program (DCRP), which have been established by state statute. PERS and TPAF are administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of both Systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System and the Teachers' Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625 or reports can be accessed on the Internet at: [http://www.state.nj.us/treasury/pensions/annrpts archive.htm](http://www.state.nj.us/treasury/pensions/annrpts%20archive.htm).

Teachers' Pension and Annuity Fund (TPAF) - The Teachers' Pension and Annuity Fund was established as of January 1, 1955, under the provisions of N.J.S.A. 18A:66 to provide retirement benefits, death, disability and medical benefits to certain qualified members. The Teachers' Pension and Annuity Fund is considered a cost-sharing multiple-employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the system's other related non-contributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are unclassified, professional and certified.

Public Employees' Retirement System (PERS) - The Public Employees' Retirement System (PERS) was established as of January 1, 1955 under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district, or public agency, provided the employee is not required to be a member of another state-administered retirement system or other state or local jurisdiction.

Defined Contribution Retirement Program (DCRP) - The Defined Contribution Retirement Program (DCRP) was established as of July 1, 2007 under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007 (NJSA 43:15C-1 et seq). The DCRP is a cost-sharing multiple-employer defined contribution pension fund. The DCRP provides eligible members, and their beneficiaries with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Vesting and benefit provisions are established by NJSA 43:15C-1 et seq.

Borough of Butler School District
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2014

NOTE 9. PENSION PLANS (continued)

Contribution Requirements - The contribution policy is set by laws of the State of New Jersey and, in most retirement systems, contributions are required by active members and contributing employers. Plan member and employer contributions may be amended by the State of New Jersey legislation. The pension funds provide for employee contributions based on 5.5% of PERS and 5.5% for TPAF of the employee's annual compensation. Pursuant to the provisions of Chapter 78, P.L. 2011, this amount will increase to 6.5% plus an additional 1% phased in over 7 years beginning in the first year. For fiscal year 2012, the member rate will increase in October 2011. This phase in will take place on July 1 of each subsequent fiscal year. Employers are required to contribute at an actuarially determined rate in all Funds except SACT. The actuarially determined employer contribution includes funding for cost-of-living adjustments and noncontributory death benefits in the PERS and TPAF. In the PERS and TPAF, the employer contribution includes funding for post-retirement medical premiums.

During the year ended June 30, 2013 for TPAF, which is a cost sharing plan with special funding situations, annual pension cost equals annual required contribution. For PERS, which is a cost sharing multi-employer defined benefit pension plan, the annual pension cost differs from the annual required contribution due to the enactment of Chapter 114, P.L. 1997. TPAF employer contributions are made annually by the State of New Jersey to the pension system on behalf of the Board. PERS employer contributions are made annually by the Board to the pension system in accordance with Chapter 114, P.L. 1997.

The Board's contribution to PERS and DCRP, equal to the required contributions for each year, were as follows:

<u>Year Ending</u>	<u>PERS</u>	<u>DCRP</u>
6/30/14	\$178,213.00	\$34,810.46
6/30/13	198,190.00	31,667.48
6/30/12	207,650.00	14,576.89

The State of New Jersey contribution to TPAF (paid on-behalf of the District) for normal and post retirement benefits were as follows:

<u>Year Ending</u>	<u>Pension Contributions</u>	<u>Post-Retirement</u>	
		<u>Medical Contributions</u>	<u>NCGI Premium</u>
6/30/14	\$346,160.00	\$617,670.00	\$30,554.00
6/30/13	571,147.00	679,802.00	30,050.00
6/30/12	257,644.00	573,515.00	27,649.00

During the year ended June 30, 2014, the State of New Jersey contributed \$994,384.00 to the TPAF for NCGI premium contributions and post-retirement medical benefits on behalf of the Board. Also, in accordance with N.J.S.A. 18A:66-66 the State of New Jersey reimbursed the Board \$658,909.91 during the year ended June 30, 2014 for the employer's share of social security contributions for TPAF members, as calculated on their base salaries. These amounts have been included in the district-wide financial statements, and the fund-based statements as revenues and expenditures in accordance with GASB 24.

Borough of Butler School District
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2014

NOTE 9. PENSION PLANS (continued)

Legislation enacted during 1993 provides early retirement incentives for certain members of the TPAF and PERS who met certain age and service requirements and who applied for retirement between certain dates in the 1993 fiscal year. The early retirement incentives include: (a) an additional five years of service credit for employees at least age 50 with a minimum of 25 years of service; (b) free health benefits for employees at least 60 years old with at least 20 years of service; and (c) an additional \$500 per month for two years for employees at least age 60 with 10 but less than 20 years of service. The Board did not offer the early retirement incentive program (ERIP) to its employees for both PERS and TPAF.

NOTE 10. POST-RETIREMENT BENEFITS:

Chapter 384 of Public Laws 1987 and Chapter 6 of Public Laws 1990 required Teachers' Pension and Annuity Fund (TPAF) and the Public Employees' Retirement System (PERS), respectively, to fund post-retirement medical benefits for those State employees who retire after accumulating 25 years of credited service or on a disability retirement. P.L. 2007, c.103 amended the law to eliminate the funding of post-retirement medical benefits through the TPAF and PERS. It created separate funds outside of the pension plans for the funding and payment of post-retirement medical benefits for retired State employees and retired educational employees. As of June 30, 2013, there were 100,134 retirees receiving post-retirement medical benefits, and the State contributed \$1.07 billion on their behalf. The cost of these benefits is funded through contributions by the State in accordance with P.L. 1994 Chapter 62. Funding of post-retirement medical premiums changed from a prefunding basis to a pay-as-you-go basis beginning in fiscal year 1994.

The State is also responsible for the cost attributable to P.L. 1992 Chapter 126, which provides free health benefits to members of PERS and the Alternate Benefit Program who retired from a board of education or county college with 25 years of service. In fiscal year 2013, the State paid \$173.8 million toward Chapter 126 benefits for 17,356 eligible retired members.

NOTE 11. DEFERRED COMPENSATION

The Board offers its employees a choice of the following deferred compensation plans created in accordance with Internal Revenue Code Section 403(b). The plans, which are administered by the entities listed below, permits participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death or unforeseeable emergency. The plan administrators are as follows:

Equitable Life Assurance
First Investors
Great American Life Insurance Co.
Lincoln Investment Planning, Inc.

Lincoln National
Metlife Resources
Variable Annuity Life Insurance Co.

**Borough of Butler School District
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2014**

NOTE 12. RISK MANAGEMENT

The District is exposed to various risks of loss related to general liability, automobile coverage; theft of, damage to, and destruction of assets, errors and omissions; injuries to employees; and natural disasters. The Board has obtained insurance coverage to guard against these events to minimize the exposure to the District should they occur.

Property and Liability Insurance - The District maintains commercial insurance coverage for property, liability, student accident and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section of this Comprehensive Annual Financial Report.

The Butler School District is currently a member of the Pooled Insurance Program of N.J. (the "PIP"). The PIP provides their members with worker's compensation insurance. The PIP is a risk-sharing public entity risk pool that is both an insured and self administered group of school districts, established for the purpose of providing low-cost insurance coverage for their members in order to keep local property taxes at a minimum. Each member appoints an official to represent their respective district for the purpose of creating a governing body from which officers for the PIP are elected.

As a member of the PIP, the district could be subject to supplemental assessments in the event of deficiencies. If the assets of the PIP were to be exhausted, members would become responsible for their respective shares of the PIP's liabilities.

The PIP can declare and distribute dividends to members upon approval of the State of New Jersey Department of Banking and Insurance. These distributions are divided among the members in the same ratio as their individual assessment relates to the total assessment of the membership body. In accordance with Statement No. 10 of the Government Accounting Standards Board, these distributions are used to reduce the amount recorded for membership expense in the year in which the distribution was declared.

Financial Statements are available at the PIP's Administrator's Office, as follows:

Burton Agency (201) 664-0310
44 Bergen Street
P. O. Box 270
Westwood, NJ 07675

There has been no significant reduction in insurance coverage from the previous year nor have there been any settlements in excess of insurance coverage

Borough of Butler School District
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2014

NOTE 12. RISK MANAGEMENT (continued)

New Jersey Unemployment Compensation Insurance - The District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State. The following is a summary of District contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the District's expendable trust fund for the current and previous two years:

<u>Fiscal year</u>	<u>Interest Earnings/ District Contributions</u>	<u>Employee Contributions</u>	<u>Amount Reimbursed</u>	<u>Ending Balance</u>
2013-2014	\$ 80,031.25	\$2,932.17	\$41,032.08	\$66,900.08
2012-2013	100,562.27	27,583.19	107,485.01	24,968.74
2011-2012	42,527.39	12,713.04	65,014.90	4,308.29

NOTE 13. CAPITAL RESERVE ACCOUNT

A capital reserve account was established by the District by inclusion of \$380,000.00 during the fiscal year ended June 30, 2001 and \$385,000.00 in subsequent years budgets for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

Funds placed in the capital reserve account are restricted to capital projects in the district's approved Long Range Facilities Plan (LRFP). A district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes or by transfer by board resolution at year end of any unanticipated revenue or unexpended line-item appropriation amounts, or both. A district may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to *N.J.S.A. 19:60-2*. Pursuant to *N.J.A.C. 6A:23A-14.1(g)*, the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

The activity of the capital reserve for the July 1, 2013 to June 30, 2014 fiscal year is as follows:

Beginning balance, July 1, 2013	\$190,689.79
Interest earnings	383.80
Deposit:	
Board Resolution 6/13/2014	<u>300,000.00</u>
Ending balance, June 30, 2014	<u>\$491,073.59</u>

**Borough of Butler School District
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2014**

NOTE 13. CAPITAL RESERVE ACCOUNT (continued)

The balance in the capital reserve account at June 30, 2014 does not exceed the balance of local support costs of uncompleted capital projects in its LFRP. Withdrawals from the capital reserve, where applicable, are for use in a DOE approved facilities project, consistent with the District's Long Range Facilities Plan.

NOTE 14. FUND BALANCE APPROPRIATED

General Fund [Exhibit B-1] - Of the \$2,370,399.02 General Fund fund balance at June 30, 2014, \$125,739.74 is reserved for encumbrances; \$1,312,524.47 is reserved as excess surplus in accordance with N.J.S.A. 18A:7F-7, \$616,509.00 of the total reserve for excess surplus has been appropriated and included as anticipated revenue for the year ending June 30, 2015; \$491,073.59 has been reserved in the Capital Reserve Account; and \$441,061.22 is unreserved and undesignated.

Debt Service Fund - Of the \$11,017.08 Debt Service Fund fund balance at June 30, 2014, \$11,016.00 has been appropriated and included as anticipated revenue for the year ending June 30, 2014; and \$1.08 is unreserved and undesignated.

NOTE 15. CALCULATION OF EXCESS SURPLUS

In accordance with N.J.S.A. 18A:7F-7, as amended, the designation for Reserved Fund Balance - Excess Surplus is a required calculation pursuant to the New Jersey Comprehensive Educational Improvement and Financing Act of 1996 (CEIFA). New Jersey school districts are required to reserve General Fund fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. The excess fund balance at June 30, 2014 is \$1,312,524.47. Of this amount, \$696,015.47 is the result of current year operation, and \$616,509.00 is the result of prior year operations.

NOTE 16. INVENTORY

Inventory in the Food Service Fund at June 30, 2014 consisted of the following:

Food	\$2,956.44
Supplies	<u>548.10</u>
	<u>\$3,504.54</u>

The United States Department of Agriculture (USDA) commodity portion of the Food Service Fund inventory consists of food donated by USDA. It is valued at estimated market prices by USDA. The amount of unused commodities at year end is reported on Schedule A as unearned revenue.

Borough of Butler School District
Notes to the Basic Financial Statements
for the fiscal year ended June 30, 2014

NOTE 17. PRIOR YEAR ADJUSTMENTS

The District made a prior year adjustment in the District Wide Financial Statements to eliminate unamortized bond issuance costs reported in the Governmental activities as of June 30, 2013 as a result of implementation of GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*. This statement establishes standards of accounting and financial reporting for debt issuance costs. In accordance with GASB Statement No. 65, debt issuance costs, except any portion related to prepaid insurance costs, should be recognized as an expense in the period incurred. The District also made a prior year adjustment in the District Wide Financial Statements to reclassify the deferred amount on refunding of debt related to the District's 2012 refunding bonds as a deferred outflow of resources reported in its Governmental Activities as of June 30, 2013. This statement provides financial reporting guidance for deferred outflows of resources and deferred inflows of resources.

	Balance 6/30/13 as Previously <u>Reported</u>	Retroactive <u>Adjustments</u>	Balance 6/30/13 <u>as Restated</u>
<u>Statement of Net Position</u>			
Governmental Assets:			
Assets:			
Bond Issuance Costs	\$ 228,923.08	\$(228,923.08)	\$ -
Total Assets	15,085,866.07	(228,923.08)	14,856,942.99
Deferred Outflows of Resources:			
Deferred Amount on Refunding	-	137,972.00	137,972.00
Net Position:			
Unrestricted	752,283.77	(90,951.08)	661,332.69
Total Net Position	8,665,448.63	(90,951.08)	8,574,497.55

NOTE 18. CONTINGENT LIABILITIES

Grant Programs - The school district participates in federally assisted grant programs. These programs are subject to program compliance audits by the grantors or their representatives. The school district is potentially liable for expenditures which may be disallowed pursuant to the terms of these grant programs. Management is not aware of any material items of noncompliance which would result in the disallowance of program expenditures.

Litigation - The District's Counsel advises us they are not aware of any litigation claims or assessments pending or threatened against the Board.

REQUIRED SUPPLEMENTARY INFORMATION
BUDGET COMPARISON SCHEDULES
BUDGET - TO - GAAP RECONCILIATION
FOR THE FISCAL YEAR ENDED JUNE 30, 2014**

**Note A - Explanation of Difference between Budgetary Inflows and
GAAP Revenues and Expenditures**

	<u>General Fund</u>	<u>Special Revenue Fund</u>
Sources/inflows of resources		
Actual amounts (budgetary basis) "revenue"		
from the budgetary comparison schedule	[C-1] 22,490,992.97	[C-2] 382,321.27
Difference - budget to GAAP:		
Grant accounting budgetary basis differs from GAAP in that encumbrances are recognized as expenditures, and the related revenue is recognized.		
Less: Current Year Encumbrances		(256.91)
The last State aid payment is recognized as revenue for budgetary purposes, and differs from GAAP which does not recognize this revenue until the subsequent year when the State recognized the related expense (GASB 33):		
State aid payment recognized for budgetary purposes, not recognized for GAAP statements until the subsequent year.	(188,674.00)	
State aid payment recognized for GAAP statements in the current year, previously recognized for budgetary purposes.	189,320.00	
Total revenue as reported on the statement of revenues, expenditures and changes in fund balances - governmental funds.	[B-2] <u>22,491,638.97</u>	[B-2] <u>382,064.36</u>
Uses/outflows of resources		
Actual amounts (budgetary basis) "total outflows" from the budgetary comparison schedule	[C-1] 22,302,235.91	[C-2] 382,321.27
Differences - budget to GAAP.		
Encumbrances for supplies and equipment ordered but not received are reported in the year the order is placed for budgetary purposes, but in the year the supplies are received for financial reporting purposes:		
Less: Current Year Encumbrances		(256.91)
Total expenditures as reported on the statement of revenues, expenditures, and changes in fund balances - governmental funds	[B-2] <u>22,302,235.91</u>	[B-2] <u>382,064.36</u>

Source: District Records and Municipal Tax Collector

Note:

NJSA 18A:7F-5d limits the amount that the district can submit for a general fund tax levy . The levy when added to other components of the district's net budget may not exceed the pre-budget year net budget by more than the spending growth limitation calculation.

a The district's basic tax rate is calculated from the A4F form which is submitted with the budget and the Net valuation taxable.

b Rates for debt service are based on each year's requirements.

Direct and Overlapping Governmental Activities Debt
As of June 30, 2014
Unaudited

<u>Governmental Unit</u>	<u>Debt Outstanding (1)</u>	<u>Estimated Percentage Applicable ^a</u>	<u>Estimated Share of Overlapping Debt</u>
Debt repaid with property taxes			
Borough of Butler	5,654,427	100.000%	5,654,427
Other debt			
Morris County	246,098,950	1.092%	2,688,606
Subtotal, overlapping debt			8,343,033
Borough of Butler School District Direct Debt			<u>5,416,000</u>
Total direct and overlapping debt			<u>\$ 13,759,033</u>

Sources: Borough of Butler Finance Officer, Morris County Finance Office
and Utility Authorities

Note:

Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Butler. This process recognizes that, when considering the District's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping payment.

^a For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable value that is within the district's boundaries and dividing it by each unit's total taxable value.

(1) Debt information as of December 31, 2013.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

INDEPENDENT AUDITOR'S REPORT

Honorable President and
Members of the Board of Education
Borough of Butler School District
County of Morris
Butler, New Jersey

We have audited, in accordance with auditing standards generally accepted in the United States of America; audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey; and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities and each major fund and the aggregate remaining fund information of the Board of Education of the Borough of Butler School District, in the County of Morris, New Jersey, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated October 30, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit on the financial statements, we considered the Borough of Butler Board of Education's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Borough of Butler Board of Education's internal control. Accordingly, we do not express an opinion on the effectiveness of the Borough of Butler Board of Education's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

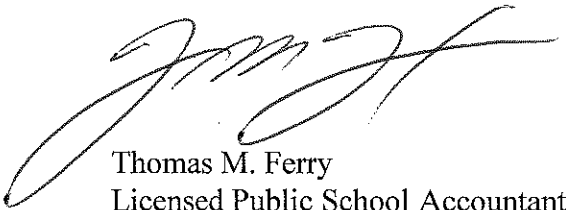

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Borough of Butler Board of Education's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards or the audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON COMPLIANCE FOR EACH MAJOR STATE PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY U.S. OMB CIRCULAR A-133 AND NEW JERSEY'S OMB CIRCULAR 04-04

INDEPENDENT AUDITOR'S REPORT

Honorable President and
Members of the Board of Education
Borough of Butler School District
County of Morris
Butler, New Jersey

Report on Compliance for Each Major Federal and State Program

We have audited the Board of Education of the Borough of Butler School District in the County of Morris, New Jersey, compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplements* and the New Jersey State Aid/Grant Compliance Supplement that could have a direct and material effect on each of the Borough of Butler Board of Education's major federal and state programs for the fiscal year ended June 30, 2014. The Borough of Butler Board of Education's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Borough of Butler Board of Education's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and New Jersey's OMB Circular 04-04 Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Those standards, OMB Circular A-133 and New Jersey OMB Circular 04-04 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred

to above that could have a direct and material effect on a major federal and state program occurred. An audit includes examining, on a test basis, evidence about the Borough of Butler Board of Education's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the Borough of Butler Board of Education's compliance.

Opinion on Each Major Federal and State Program

In our opinion, the Borough of Butler Board of Education complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended June 30, 2014.

Report on Internal Control Over Compliance

Management of the Borough of Butler Board of Education is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Borough of Butler Board of Education's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with OMB Circular A-133 and New Jersey OMB Circular 04-04, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Borough of Butler Board of Education's internal control over compliance.

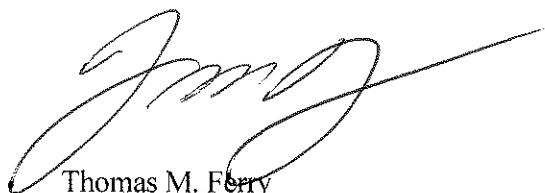

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal and state program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal and state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133 and N.J. OMB Circular 04-04. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by OMB Circular A-133 and Expenditures of State Financial Assistance Required by NJ OMB Circular 04-04

We have audited the financial statements of the Borough of Butler Board of Education as of and for the year ended June 30, 2014, and have issued our report there dated October 30, 2014 which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal and state awards is presented for purposes of additional analysis as required by OMB Circular A-133 and N.J. OMB Circular 04-04 and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditure of federal and state awards is fairly stated in all material respects in relation to the financial statements as a whole.

NOTE 1. GENERAL

The accompanying Schedules of Expenditures of Federal Awards and State Financial Assistance include the activity of all Federal and State Award programs of the Board of Education, Borough of Butler School District. The Board of Education is defined in Note 1 to the Board's financial statements. All Federal and State Awards received directly from federal and state agencies, as well as Federal Awards and State Financial Assistance passed through other government agencies is included on the Schedule of Expenditures of Federal Awards and State Financial Assistance.

NOTE 2. BASIS OF ACCOUNTING

The accompanying schedules of expenditures of Federal Awards and State Financial Assistance are presented on the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These bases of accounting are described in Notes 2 (C) and 2(D) to the Board's basic financial statements. The information in these schedules is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and New Jersey's OMB Circular 04-04 "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid." Therefore, some amounts presented in this schedule may differ in amounts presented in, or used in the preparation of, the basic financial statements.

NOTE 3. RELATIONSHIP TO BASIC FINANCIAL STATEMENTS

The financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the last state aid payment in the current budget year, which is mandated pursuant to N.J.S.A.18A:22-44.2. For GAAP purposes, those payments are not recognized until the subsequent budget year due to the state deferral and recording of the last state aid payments in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The special revenue fund also recognizes the last state aid payment in the current budget year, consistent with N.J.S.A.18A:22-44.2.

The net adjustment to reconcile from the budgetary basis to the GAAP basis is \$646.00 for the general fund and \$(256.91) for the special revenue fund. See the Notes to Required Supplementary Information for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds.

NOTE 3. RELATIONSHIP TO FINANCIAL STATEMENTS (continued)

Additionally, as discussed further in Note 5, the State of New Jersey makes contributions on-behalf of the District for TPAF post-retirement medical and pension contributions. The total amount of these contributions during 2014 fiscal year was \$994,384.00.

Awards and financial assistance revenues are reported in the Board's financial statements on a GAAP basis as follows:

	<u>Federal</u>	<u>State</u>	<u>Total</u>
General Fund	\$ 2,188.82	\$3,038,689.91	\$3,040,878.73
Special Revenue Fund	372,946.70	-	372,946.70
Debt Service Fund	-	56,352.00	56,352.00
Food Service Fun	<u>141,487.00</u>	<u>4,286.39</u>	<u>145,773.39</u>
Total Financial Awards	<u>\$516,622.52</u>	<u>\$3,099,328.30</u>	<u>\$3,615,950.82</u>

NOTE 4. RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

NOTE 5. OTHER

Revenues and expenditures reported under Food Donation Program represent current year value received and current year distributions respectively.

The amount reported as TPAF Social Security Contributions represents the amount reimbursed by the State for the employer's share of social security contributions for TPAF members for the year ended June 30, 2014.

The State of New Jersey also makes TPAF post-retirement medical and pension contribution expenditures on behalf of the District. These expenditures are not subject to New Jersey OMB Circular 04-04 because the contributions are made by the State directly and do not have any compliance related requirements, and therefore, have not been included on the Schedule of State Financial Assistance, as directed by the funding agency.

**BOROUGH OF BUTLER SCHOOL DISTRICT
